

Remarks:

This amendment is submitted in an earnest effort to advance this case to issue without delay. The examiner has indicated that the case contains allowable subject matter.

The specification has been amended to eliminate some minor obvious errors. No new matter whatsoever has been added.

Claim 2, which depended directly from independent claim 16, claim 3, which also depended directly from independent claim 16, and claim 7, which depended via claim 6 from independent claim 16, have been found to contain allowable subject matter.

Accordingly the subject matter of claim 16 has been inserted in claim 2, the subject matter of claim 3 has been inserted in claim 16, and the subject matter of original claims 5, 6, and 16 have been inserted in claim 7, making claims 2, 7, and 16 independent and allowable. Claim 3 has been amended to correct a minor mistake and change its dependency.

The above makes all the claims in the case allowable.

Entry of this amendment after final action is in order because it introduces no new issues and places the case *prima facie* in condition for allowance.

If only minor problems that could be corrected by means of a telephone conference stand in the way of allowance of this case, the examiner is invited to call the undersigned to make the necessary corrections.
